KEY

- - - County Borders
- - - City Borders
- Fire Dept. Jurisdiction Line
- 150.150 Fire Department Frequency

- Revised June 1, 2004 -

The Seven-County Metro Area is slowly going to a Motorola APCO-25 Trunked Radio system using 9600 baud. Hennepin County and Minneapolis are already using the new systems, but are still simulcasting fire dispatch (at this time).

Eden Prairie and Bloomington each have an EDAC's Trunked Radio Systems, but are also still simulcasting fire dispatch (at this time)
